- Dimensions: 26"W x 14"H x 5.5"D
- **3 year limited warranty**

The **AG-961** Insect Electrocuter is a compact, powerful light trap for small areas where space is limited. The 50 watts of U.V. light attraction is the **highest available** in a trap of this size. It is open on both sides for 360° visibility, and kills insects on a protected electric grid. Dead insects are contained in a removable drawer. The light can be suspended from a ceiling, mounted 3-6 feet high on a wall, or used as a portable tabletop trap.
